Gordon, Greg, et al.:

I placed concurrence flags on the NREL ozone wildfire EE flags from Sept. 2 and 4, 2017 this morning. This reduces the 2017 4<sup>th</sup> max for the 2008 ozone NAAQS at NREL from 76 ppb to 74 ppb.

Please let me know if you have questions. The concurrence letter and our TSD are attached. Hard copies will be mailed today.
